

新绎·青年艺术年度国际项目

作为全球范围内的青年艺术创作者的引领者，新绎美术馆从2024年开馆后将推出“新绎·青年艺术年度国际项目”，旨在搭建一个跨越国界的全球艺术交流平台，为青年艺术从业者们提供展示专业才华、分享实践创意、拓展国际视野的机会。

“新绎·青年艺术年度国际项目”面向全球范围内的青年艺术家、策展人等从业者，每年将有序推出“青年艺术家提名展”和“青年策展人计划”两个展览项目。其中，“青年艺术家提名展”将邀请持续活跃在艺术界，具有广泛影响力的策展人或学者作为提名者，通过他们丰富的从业经验和严格的学术标准，在世界范围内寻找、挖掘、扶持有潜质的青年艺术家，以呈现当代艺术的前沿面貌和多元视角，展示新生代艺术家多维度的创作样态，激发青年艺术家创作的活力与创意。“青年策展人计划”则针对国际范围内的青年策展人，通过项目征集的方式，在资金和场地上支持获选方案的实施。本计划鼓励青年策展人结合自身的学术背景，围绕当代艺术、理论与社会发展，提出具有当代性和批判意识的实验性议题，以展览的形式对其进行探索，期待在展览策划、实施的过程中帮助青年策展人拓展视野、积累经验，成为艺术领域的未来领袖。除此之外，“新绎·青年艺术年度国际项目”后续也将开展青年艺术家驻地计划，结合本地资源，为青年艺术家们提供创作、交流与探索的空间，鼓励艺术家进行跨文化、跨地域、跨学科的艺术实践与思考。

The ENNOVA Emerging Art Power Annual Programme

As a global leader of young art practitioners, ENNOVA Art Museum will launch the ENNOVA Emerging Art Power Annual Programme following its inauguration in 2024, aiming to build a transnational platform for global art exchange, and to provide young art practitioners with opportunities to showcase their professional talents, share their creativity, and broaden their international perspectives.

The ENNOVA Emerging Art Power Annual Programme is open to young artists, curators, and other practitioners around the world, featuring two annual exhibition projects, “Young Artists Nomination Exhibition” and “Young Curators Project”. With curators or scholars actively engaged in the art world with extensive influence, and with their rich experience and strict academic standards, the “Young Artists Nomination Exhibition” will discover, develop, and support promising young artists around the world, in order to present cutting-edge and diverse perspectives of contemporary art, showcase the multidimensionality of new-generation artists’ creation, and infuse energy and creativity into their works. The “Young Curators Project” is open to young curators around the world, which collects proposals through an open call and provides funding and venues for selected ones to be realized. This project aims to encourage young curators to address experimental themes of contemporary and critical awareness that reflect the development of modern and contemporary art and society through exhibitions, with the expectation of helping young curators expand their visions and accumulate experience in the process of exhibition curating and realization, to nurture future leaders in the art industry. In addition, the ENNOVA Emerging Art Power Annual Programme will present a young artist residency project that integrates local resources to provide young artists with space for creation, exchange, and exploration, and encourages artists to engage in cross-cultural, cross-regional, and cross-disciplinary artistic practices and thinking.

As a non-profit organization that highlights the experimental and public nature of art, as well as corporate social responsibility, ENNOVA Art Museum considers ENNOVA Emerging Art Power Annual Programme a significant initiative to cultivate and support young art practitioners, and also an embodiment of its social responsibility and cultural mission. As a professional art institution, ENNOVA Art Museum adheres to its academic mission, taking the responsibility to inherit and develop art while actively engaging in social education and cultural construction, cultivating and supporting more young art talents of cultural literacy and creativity for society. ENNOVA Emerging Art Power Annual Programme aspires to develop together with young art practitioners, breaking down the boundaries of art and promoting the integration of art and society.
